

Examination Document SD15

17 March 2015

The proposed amendment below was tabled by Christchurch and East Dorset Councils at the CIL Hearing Session on 17 March 2015 for discussion. Following debate in the Hearing, a final amended version reflecting this will be prepared and then published for consultation as a Further Modification at the request of the Inspector:

Proposed amendment to the Christchurch and East Dorset Community Infrastructure Levy Charging Schedules:

The following amendment is proposed for the Christchurch and East Dorset Community Infrastructure Levy Charging Schedules:

In accordance with Policy ME2 of the Christchurch and East Dorset Core Strategy sites of approximately 50 dwellings or above where onsite SANG is required will be zero rated for CIL.

Proposed amendment to Regulation 123 List:

In accordance with Policy ME2 of the Christchurch and East Dorset Core Strategy sites of approximately 50 dwellings or above where onsite SANG is required SANGs will be secured by S106. The management and maintenance of these SANGs will be secured through S106.
