Hi Carol

Thank you for this, yes this is my understanding of what we are proposing. Please can I ask for clarity; does 'diversion' mean that there will no longer be a bridleway or public access between points C-E?
Many thanks
Dominic

Hi Dominic / Russ
Many thanks to you both for your time last Wednesday.
I attach a plan showing the suggested diversion and extinguishment.
The part of Footpath 79 to be extinguished A – B and the proposed new Bridleway G – H – I – J – K – B – L – M run across land registered to you.
The whole length of Bridleway 80 to be diverted is unregistered, and the proposed new Bridleway M – F is along land registered to [REDACTED].
Please let me know if this accurately represents the proposal we discussed. I will send out a summary of the proposed changes with details of the works needed, gates, widths etc once we have agreed on the exact routes.
Russ – I would be grateful if you would discuss the proposed diversion with [REDACTED]. If he is unwilling to agree to the diversion I will draft a second plan which would divert the bridleway from point E and would require E – F to be opened up.
Kind Regards
Carol
