23<sup>RD</sup> December 2025

Dear Ms Sparks

Ref: ROW/3350303 and ROW/3350304

We are writing to you in support of [REDACTED] at Chantry Farm, Beaminster; who are wanting permanent permission granted to move a footpath that historically has gone straight through the middle of their working farm.

As a farmer's daughter and a user of the footpaths around Beaminster for the last 13 years. I am aware of the dangers and inconvenience for all concerned of having public footpaths through the middle of a working farm; numerous farm vehicles, free range animals, livestock and farm dogs, not to mention the farms security.

The proposed "new" route has been proven to work over the last 18 months, it is a beautiful and peaceful. We feel it does not take away from the historical/ramblers route but is necessary for a safer path and bridal way. [REDACTED] have given the new route careful consideration, giving ample space to dog walkers and riders to pass easily.

We do hope you grant them permanent permission.

Thank you in advance

Kind regards

Alex and Louise Pole
