## T539 Health and safety at the site questionnaire

The Inspector will visit the site and will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site. Please supply any additional information on a separate sheet of paper.

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required?

No, not uneven – tarmac/ concrete surface. Slope of route is gentle to moderate. Mill Lane itself is a narrow road with no pavements. No special footwear or PPE required.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

Limited likelihood of exposure to uncontrolled animals – hedgerow on both sides of route apart from entrance points to farm/ caravan park etc. Some dogs may be walking off the lead along the route and there could also be horse riders.

3. Is the site remote and/or can it be seen from other highways or rights of way?

Not remote, runs alongside caravan park, although hedgerows limit visibility.

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

Yes – good mobile phone signal (EE and Vodafone both checked – both good)

5. Is the right of way easily accessible? Will arrangements for access by the Inspector need to be made in advance?

Easily accessible	, no	arrangements	needed	in	advance.
-------------------	------	--------------	--------	----	----------

6. Are there any dangerous pieces of equipment or substances stored at any point along the right of way?

No – none were evident at time of check.

7. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

Parking is limited in the immediate area. Mill Lane itself is a narrow road with no parking area and no turning area – other than the caravan park or farm. Other roads adjacent to Mill Lane have double yellow lines. Some limited parking on residential side roads off A35 (e.g. North Road – this would mean crossing busy A35 on foot and walking down Duck Street and Mill Lane to the route).
