

# Using Ardens to input your LARC activity

Community Health Improvement Services Contract 2024

Public Health Dorset

The following information applies to activity from **1<sup>st</sup> April 2024**

Following feedback from our providers, most providers prefer using Ardens templates for LARC.

As the coding in the current Public Health template often leads to inaccurate search results, **we're asking providers to switch to using Ardens templates for data input with immediate effect.**

The Ardens template data fields have been tested and cross referenced with the LARC payment items to ensure all relevant activity can be claimed and reimbursed.

See the 2 tables below for details of the activity covered.

Device Type	Ref	Description of Activity
SDI		The cost of <b>fitting</b> a sub-dermal implant
	A	Includes consumables e.g. Lidocaine
		The cost of <b>removing</b> a sub-dermal implant
	B	Includes consumables and pre-removal counselling
		The costs of a sub-dermal implant <b>replacement</b> (removal with reinsertion)
	C	Includes consumables; no pre-removal counselling required
		The cost according to provision for the <b>implant device</b>
	D	Based on NHS indicative price and subject to BNF rate changes

Device Type	Ref	Description of Activity
IUC		The cost of single episode of care; <b>pre-fitting counselling, fitting</b> and <b>check</b> (where indicated) of an intra-uterine contraceptive device
	A	Includes consumables
		For <b>pre-removal counselling</b> and <b>removal</b> of an intra-uterine contraceptive device
	B	Includes consumables
		The cost according to provision for the <b>LNG-IUD (Levonorgestrel Intra Uterine Device):</b>
	C	<ul style="list-style-type: none"> <li>•Mirena (52mg)</li> <li>•Benilexa (52mg)</li> <li>•Kyleena (19.5mg)</li> <li>•Jaydess (13.5mg)</li> </ul>
		The cost according to provision for the <b>IUD (Intra Uterine Device) / non-hormonal copper coil</b>
		Based on NHS indicative price and subject to BNF rate changes

Most of the fields required for payment are already highlighted by Ardens with a star on the forms relating to fitting, removing or replacing a device.

In addition to the starred fields, and to prevent any delays in processing your data and payments, please ensure you also input:

## Implants

- **Who completed** the implant insertion/removal/replacement and the **date**
- **The implant device** being inserted or replaced

★ Nexplanon inserted	<input type="checkbox"/> BN + Exp.	<input type="text"/>	<input type="text" value="Products"/>
Implant Device Tick one	<input type="checkbox"/> Etonogestrel 68mg subdermal implant (ga71.)		
	<input type="checkbox"/> NEXPLANON 68mg subdermal implant (ga73.)		

## Hormonal Coils

- **Who completed** the coil insertion/removal/replacement and the **date**
- **Both the LNG-IUD fitting (which includes pre-fitting counselling and check) and the LNG-IUD device**

**NOTE both Benilexa and Mirena are 52mg Levonorgestrel systems. Please ensure you select the correct option as indicated**
